The Prevent duty –Departmental advice for Schools and Childcare providers- June 2015

These documents can be found uploaded on Kent Learning Zone and in staff documents under the title policies. They are also available in the school office.

INTRODUCTION:

This policy has been developed in accordance with the principles established by the Children Acts 1989 and 2004 and related guidance. This includes the DfES guidance Safeguarding Children and Safer Recruitment in Education (2007), the Framework for the Assessment of Children in Need and their Families (2000) and Working Together to Safeguard Children (2010). The school will also refer Keeping Children Safe in Education September 2016

Because of our close day to day contact with children, “everybody who comes into contact with children and their families has a role to play in safeguarding children. School staff are particularly important as they are in a position to identify concerns early and provide help for children to prevent concerns from escalating.” (*Keeping Children Safe in Education September 2017*)

The Governing Body and staff of Westgate Primary School take seriously our responsibility under Section 175 Education Act 2002 (Section 157 for independent schools) to safeguard and promote the welfare of our pupils/students, to minimise risk and to work together with other agencies to ensure adequate arrangements are in place within our school to identify, assess, and support those children who are suffering harm.

Ofsted’s definition of safeguarding

- Protecting children from maltreatment
- Preventing impairment of children’s health and development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care: and
- Taking action to enable all children to have the best outcomes

“Working Together to safeguard Children” Ofsted 2015

This policy should thus be understood alongside school policies on related safeguarding issues as listed on page 3 of this document. Related policies can be found in staff documents in the file safeguarding. They are also available to access via the school website www.manor@kent.sch.uk

All relevant policies will be reviewed on an annual basis by the Governing Body which has responsibility for oversight of school safeguarding and child protection systems. The Designated Safeguarding Lead Roisin Brown will ensure regular reporting on safeguarding activity and systems in school to the Governing Body. The Governing Body will not receive details of individual pupil situations or identifying features of families as part of their oversight responsibility.

Our school is a community and all those directly connected (staff, governors, parents, families and pupils) have an essential role to play in making it safe and secure. We welcome suggestions and comments contributing to this process.

ETHOS

Manor CPS recognises the importance of providing an ethos and environment within school that will help children to feel safe, secure and respected; encourage them to talk openly; and enable them to feel confident that they will be listened to.

We recognise that children who are abused or witness violence are likely to have low self-esteem and may find it difficult to develop a sense of self worth. They may feel helplessness, humiliation and some sense of blame. Our school may be the only stable, secure and predictable element in their lives.

Manor CPS will endeavour to support the welfare and safety of all pupils through:

- Maintaining children's welfare as our paramount concern
- ensuring the content of the curriculum includes social and emotional aspects of learning
- ensuring that child protection is included in the curriculum to help children stay safe, recognise when they don't feel safe and identify who they might / can talk to
- Providing suitable support and guidance so that students have a range of appropriate adults to approach if they are in difficulties
- promoting a positive, supportive, neutral and secure environment where pupils can develop a sense of being valued and heard in their own right
- Ensuring all steps are taken to maintain site security and student's physical safety
- Working with parents to build an understanding of the school's responsibility to ensure the welfare of all children including the need for referral to other agencies in some situations
- Ensuring all staff are able to recognise the signs and symptoms of abuse and are aware of the school's procedures and lines of communication
- Monitoring children and young people who have been identified as having welfare or protection concerns; keeping confidential records which are stored securely and shared appropriately with other professionals
- Developing effective and supportive liaison with other agencies

RESPONSIBILITIES

The Designated Safeguarding Lead (DSL) has overall responsibility for the day to day oversight of safeguarding and child protection systems in school. Including

- Co-ordinating safeguarding action for individual children
- Liaising with other agencies and professionals
- Ensuring that locally established procedures are followed and making referrals as necessary
- Acting as a consultant for staff to discuss concerns
- Maintaining a confidential recording system
- Representing or ensuring the school is appropriately represented at inter-agency safeguarding meetings (including Child Protection conferences)
- Managing and monitoring the school's part in Early Help / Child in Need / Child Protection plans
- Organising training for all school staff

The Governing Body and school leadership team will ensure that the Designated Child Protection Coordinator is properly supported in this role at a time and resource level.

However, **Child Protection and welfare are the responsibility of all staff in school and ANY observation, information or issue which results in concern for a pupil's welfare MUST be reported to the Designated Safeguarding Lead (DSL).**

In order to protect confidentiality, safeguarding information about individual children is shared on a need to know basis only and thus, what may seem to be a minor issue to one staff member, may be highly significant to the bigger picture of risk.

SAFEGUARDING AND CHILD PROTECTION PROCEDURES

Manor CPS adheres to ***Keeping Children Safe in Education September 2016*** and the **Kent and Medway Inter-Agency Threshold Criteria for Children in Need** can be found in the family support room. All Staff have read and signed copies of ***Keeping Children Safe in Education September 2016 (Part 1)*** and follow recommended guidelines.

It is the responsibility of the DSL to gather and collate information obtained on individual children, to make immediate and on-going assessments of potential risk and to decide (with parents / carers in most cases) on the appropriateness of referrals to partner agencies and services. To help with this decision s/he may choose to consult with the Area Children's Officer (Safeguarding). Advice may also be sought from Children's Social Services Duty Social Workers who offer opportunities for consultation as part of the Child in Need / Child Protection process. Issues discussed during consultations may include the urgency and gravity of the concerns for a child or young person and the extent to which parents/carers are made aware of these. Some concerns may need to be monitored over a period of time before a decision to refer to Children's Social Services or other services is made.

Such referrals might include referral to Children's Social Services as either Child Protection or Child in Need, to Police where there are potential criminal issues, referral to the Early Help process or referral to services such as Child and Adolescent Mental Health Service (CAMHS), counselling, MARAC, etc.

Referrals to Children's Social Services will be made using Kent's inter-agency referral form and with reference to the Kent and Medway Interagency Threshold Criteria for Children in Need. In situations where there are felt to be urgent or grave concerns, a telephone referral will be made prior to the form being completed and sent to the County Duty Team. All referrals are now made via the County Duty Team / KCAS.

In all but the most exceptional cases parents/carers will be made aware of the concerns felt for a child or young person at the earliest possible stage and in the event of this becoming necessary, their consent to a referral to Social Services will be sought.

In the absence of the availability of the DSL to discuss an immediate and urgent concern, advice should be sought direct from the Children's Safeguards Team, Tel: 03000 412445, mobile 07740 183798) or Children's Social Services (Tel : 03000411111) by an alternative senior member of staff or by the member of staff who has the concerns.

The role of the school in situations where there are child protection concerns is NOT to investigate but to recognise and refer.

On occasion, staff may pass information about a child to the DSL, but remain anxious about action subsequently taken. Staff should feel able to clarify with the DSL further progress (although they should not expect to be given confidential detail), so that they can reassure themselves the child is safe and their welfare being considered. If following this process, the staff member remains concerned that appropriate action is not being taken, it is the responsibility of that staff member to seek further direct consultation from either a member of the Children's Safeguards Team or the local Children's Social Services Team (found in the family support team room) who will be able to discuss the concern and advise on appropriate action to be taken.

The school has a nominated governor for safeguarding named on the front of this document. The nominated governor will take the lead role in ensuring that the school has an effective policy which interlinks with related policies; that locally agreed procedures are in place and being followed; and that the policy and structures supporting safeguarding children are reviewed annually.

Parents can obtain a copy of the school Safeguarding Policy and other related policies on request.

Recognition and categories of abuse:

All staff in school should be aware of the definitions and signs and symptoms of abuse. There are four categories of abuse:

- Physical abuse
- Sexual abuse
- Emotional abuse
- Neglect

The most up to date definitions are found in Appendix 1 of this document.

Indicators and signs of abuse are listed in the leaflet “Safeguarding Children and Child Protection - Induction Leaflet Guidelines for School Staff” and “Keeping Children Safe in Education” distributed to all staff.

Staff need to remember that child abuse can occur within all social groups regardless of religion, culture, social class or financial position. Children who have a disability are statistically subject to greater risk of abuse and are particularly vulnerable.

It is also important to remember that those who abuse children can be of any age, gender, ethnic group or background and it is important not to allow personal preconceptions to prevent recognition or action taking place.

INDUCTION AND TRAINING

All school-based staff will be offered an appropriate level of safeguarding training (to include internal school procedure and responsibilities; child protection process; how to recognise and respond to signs and symptoms of concern and abuse; safe working practice) and must undergo refresher training every year. Training is organised by the DSL in line with government guidance.

The nominated governor should receive safeguarding training from a strategic perspective on a three yearly basis, to be disseminated to the rest of the Governing Body.

The school leadership team will ensure the DSL(s) attend the required DSL safeguarding training when they first take up the role and that they continue to update their knowledge on an on-going basis and at least every year Staff are familiar with all categories of abuse and have been trained in recognizing key indicators of each one. They have also received training on their responsibility to report cases or suspected cases of Female Genital Mutilation (FGM) and Child Sexual Exploitation (CSE). Members of staff have been trained on the PREVENT strategy and in addition to this have completed an online course. Please see below for details.

http://course.ncalt.com/Channel_General_Awareness/01/index.html

All staff have been trained in the need to keep themselves safe on line as well as the importance of on line safety for pupils. This is regularly addressed with pupils as part of the curriculum.

The DSL will ensure that all new staff and volunteers are appropriately inducted as regards to the school’s internal safeguarding procedures and communication lines. A

summary information sheet is available to be given to staff and volunteers to support this process.

Head Teacher will provide reports to the Governing Body detailing safeguarding training undertaken by all staff.

RECORD KEEPING

Staff must record any welfare concern that they have about a child on a safeguarding incident/concern form (with a body map where injuries have been observed) to be passed to the DSL. Records are to be completed as soon as possible after the incident/event and must be signed and dated.

Incident/concern forms are kept in the family support team office.

Safeguarding records are kept centrally and securely by the DSL and are shared on a 'need to know' basis only. They are held separate from the child's curriculum file.

The Head Teacher and all relevant staff are kept informed of any significant issues by the DSL

Detailed guidance on Record Keeping is found in a separate document "*Guidelines for Safeguarding Record Keeping in Schools*" – Staff have familiarised themselves with the responsibilities outlined in this document.

All safeguarding records are forwarded to a child's subsequent school under confidential and separate cover to the new DSL or Head Teacher.

ALLEGATIONS AGAINST MEMBERS OF STAFF AND VOLUNTEERS

Westgate Primary School recognises that it is possible for staff and volunteers to behave in a way that might cause harm to children and takes seriously any allegation received. Such allegations should be referred immediately to the Head Teacher who will first contact the Area Children's Officer - Children's Safeguards Team (who fulfils the Local Authority Designated Officer (LADO) function on 03000 410888) to agree further action to be taken in respect of the child and staff member.

All staff are aware that it is a disciplinary offence not to report concerns about the conduct of a colleague that could place a child at risk. When in doubt – consult.

For specific guidance on how to respond to allegations against staff, please refer to the "***Procedures for Managing Allegations Against Staff***" which can be found in the staff handbook in the school's whistle blowing policy or **KCC's Whistle-blowing Procedures.**

WORKING WITH OTHER AGENCIES

Westgate Primary School recognises and is committed to its responsibility to work with other professionals and agencies both to ensure children's needs are met and to protect them from harm. We will endeavour to identify those children and families who may benefit from the intervention and support of external professionals and will seek to enable referrals (in discussion with parents/carers) as appropriate.

Schools are not the investigating agency when there are child protection concerns and thus, the school will pass all relevant cases to the statutory agencies, who we will support in undertaking their roles. Staff should understand that alongside this, the school may have a crucial role in supporting the child whilst investigations and assessments take place.

Westgate Primary School recognises the importance of multi-agency working and will ensure that staff are enabled to attend relevant safeguarding meetings, including Child Protection Conferences, Core Groups, Strategy Meetings, Child in Need meetings and Early Help meetings around the Child.

The School Leadership Team and DSL will work to establish strong and co-operative relationships with relevant professionals in other agencies.

CONFIDENTIALITY AND INFORMATION SHARING

Safeguarding and child protection information is confidential and personal. Other than the agreed communication lines in school, it is for the DSL(s) to decide what information needs to be shared, with whom, how and when, and whether consent needs to be gained for this process. If in any doubt, the DSL can seek advice from the Children's Safeguarding Team on the numbers outlined at the start of this document.

If a member of staff needs to seek advice about a safeguarding situation for a child independently for the purposes of keeping a child safe (specifically with the Children's Safeguarding Team or Children's Social Services), it is appropriate for the detail to be discussed, although the staff member may choose to maintain the anonymity of the child whilst initial consultation takes place.

All staff should remain aware that they cannot keep 'secrets' and absolute confidentiality with children, and that if children disclose abuse or give information that suggests they may be unsafe, this **MUST** be passed on to the DSL as soon as possible. The child should be told who their disclosure will be shared with and what will happen next. Further advice on dealing with disclosures can be found in the document ***"Child Protection - Dealing with Disclosures in School"***

CURRICULUM AND STAYING SAFE

Schools play an essential role in helping children to understand and identify the parameters of what is appropriate child and adult behaviour; what is 'safe'; to recognise when they and others close to them are not safe; and how to seek advice and support when they are concerned. Keeping Children Safe in Education (2015) states that the

curriculum should ensure opportunities for “developing children’s understanding, awareness and resilience”.

Westgate Primary School will use the curriculum to provide opportunities for increasing self awareness, self esteem, social and emotional understanding, assertiveness and decision making so that students have a range of contacts and strategies to ensure their own protection and understand the importance of protecting others. Systems have been established to support the empowerment of children to talk to a range of staff when they are in difficulty and to raise comments, complaints and feedback about their school experience. Children at Westgate Primary School will be listened to and heard and their concerns will be taken seriously and acted upon as appropriate. Records will be kept of reported incidents in line with guidance.

Specific systems outside of expected day to day classroom interaction and support include : Family Support Team; School Council; therapeutic services, including therapeutic play, filial play and lego therapy; regular feedback questionnaires with groups of children; specific anti bullying policy; counselling

E-SAFETY

It is recognised that the use of new technologies presents particular challenges and risks to children both inside and outside of school. Westgate Primary School will ensure a comprehensive curriculum response to enable all pupils to learn about and manage the associated risks effectively and will support parents and the school community (including all members of staff) to become aware and alert to the needs of keeping children safe online. ***Detailed information can be found in the school’s Internet and e-Safety policy which can be found on the school’s staff documents in a folder titled ‘e-Safety’***

SUPERVISION AND SUPPORT:

Any member of staff affected by issues arising from concerns for children’s welfare or safety can seek support from the DSL.

All newly qualified teachers and classroom assistants have a mentor or co-ordinator with whom they can discuss concerns including the area of child protection.

The DSL can put staff and parents in touch with outside agencies for professional support if they so wish. Staff can also approach Support Line directly.

SAFE WORKING PRACTICE

Staff are required to work within clear Guidelines on Safe Working Practice / the school’s Code of Conduct.

Children may make allegations against staff in situations where they feel vulnerable or where they perceive there to be a possible risk to their welfare. As such, all school staff should take care not to place themselves in a vulnerable position regarding child protection or potential allegations. For example, it is always advisable for interviews or work with individual children or parents to be conducted in view of other adults. Physical intervention should only be used when the child is endangering him/herself or

others and such events should be recorded and signed by a witness. Staff should be aware of the school's Behaviour Management and Physical Intervention Policies (training), and any physical interventions must be in line with agreed policy and procedure in which appropriate training should be provided. Full advice and guidance can be found in Guidance for Safer Working Practice for Adults who Work with Children and Young People which can be found on Staff Documents in a folder called policies and procedures.

Staff should be particularly aware of the professional risks associated with the use of electronic communication (e-mail; mobile phones; texting; social network sites) and should familiarise themselves with advice and professional expectations outlined in Guidance for Safer Working Practice for Adults who Work with Children and Young People, the school's Internet and e-Safety Policy and Acceptable Use Policy and the KSCB document : Safer Practice with Technology – Guidance for Adults who Work with Children and Young People. These are also located in the folder titled 'e-Safety' which is in staff documents.

COMPLAINTS

The school has a **Complaints Procedure** available to parents, pupils/students and staff who wish to report concerns. This can be found on Kent Learning Zone and in Staff Documents in the policies and procedures folder.

All reported concerns will be taken seriously and considered within the relevant and appropriate process. Anything that constitutes an allegation against a member of staff or volunteer will be dealt with under the specific Procedures for Managing Allegations Against Staff (Kent adopted policy).

SAFER RECRUITMENT

Westgate Primary School is committed to ensure that all steps are taken to recruit staff and volunteers who are safe to work with our pupils/students and have their welfare and protection as the highest priority. The Governing Body and School Leadership Team are responsible for ensuring that the school follows safe recruitment processes outlined within Guidance, including accurate maintenance of the Single Central Record; and an application, vetting and recruitment process which places safeguarding at its centre, regardless of employee or voluntary role.

The Governing Body will ensure that the Head Teacher, other senior staff responsible for recruitment and one member of the Governing Body complete accredited Safer Recruitment Training in line with government requirements.

THE USE OF SCHOOL PREMISES BY OTHER ORGANISATIONS

Where services or activities are provided separately by another body using the school premises, the Head Teacher and Governing Body will seek assurance that the organisation concerned has appropriate policies and procedures in place with regard to safeguarding children and child protection and that relevant safeguarding checks have been made in respect of staff and volunteers. If assurance is not achieved, an application to use premises may be refused.

SECURITY

All staff have a responsibility for maintaining awareness of buildings and grounds security and for reporting concerns that may come to light. We operate within a whole-

school community ethos and welcome comments from pupils/students, parents and others about areas that may need improvement as well as what we are doing well.

Appropriate checks will be undertaken in respect of visitors and volunteers coming into school as outlined within guidance. Visitors will be expected to sign in and out via the office visitors log and to display a visitors badge whilst on school site. Any individual who is not known or identifiable should be challenged for clarification and reassurance.

The school will not accept the behaviour of any individual (parent or other) that threatens school security or leads others (child or adult) to feel unsafe. Such behaviour will be treated as a serious concern and may result in a decision to refuse access for that individual to the school site.

APPENDIX 1 - DEFINITIONS OF ABUSE

Physical Abuse

Physical Abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to the child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces illness in a child.

Emotional Abuse

Emotional Abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse affects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or "making fun" of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children and may include interactions beyond the child's developmental ability, overprotection, limitation of exploration or learning, prevention of normal social interaction. Seeing or hearing ill-treatment of another, serious bullying (including Cyberbullying) causing children to frequently feel frightened or in danger, or exploitation and corruption of children. Some level of emotional abuse is involved in all types of ill-treatment of a child, although it may occur alone.

Sexual Abuse

Sexual Abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including penetrative (i.e. rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may include non-contact activities, such as involving children in looking at, or the production of, sexual images, or watching sexual activities, or encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. It may occur in pregnancy as a result of maternal substance abuse. Once a child is born it may involve a parent or carer failing to provide adequate food, shelter and clothing (including exclusion from home or abandonment), failing to protect a child from physical or emotional harm or danger, failure to ensure adequate supervision including the use of inadequate care-givers or the failure to ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to a child's basic emotional needs.
