Safety on School Premises

Dear Parents and carers

Unfortunately I find myself having to write again due to children continuing to use their scooters past the school gates and barrier, we have asked on numerous occasions for children not to do this. There have been several accidents and complaints as a result of this, so I am now asking parents for a final time that children do not ride their scooters as they enter the school car park or past the barrier. If this continues to happen we will ban scooters from coming onto the school premises and remove the facility of locking scooters away for the duration of the school day.

Can we also remind you that children must be supervised at all times and we ask that you do not allow them to run in between or around the parked vehicles on the premises so that we reduce any risk of accidents and damage to cars.

Thank you for your continued support.

Yours sincerely
Mr D Terry
Head of School
