## What this film is about:

A little boy called Hogarth found a massive iron robot. He trained it for good, but a defensive reaction to a gun will cause him to attack. Consequently the government and army are after it.....

## My review of this film:

This is a fantastic film with a mixture of lots of emotions, happiness, anticipation, comediness, worried, seriousness and sadness. I loved it, because as you get attached to Hogarth and the giant, as soon as you see Kent Mansley, you immediately don't like him in the story. His selfish attitude almost cost him the whole city and hundreds of lives, if it wasn't for the giant. I've watched this movie about seven times now, and I STILL cry at the end!

My score for this film is:            9½/10
