What this film is about:

They were delivering a piano but they didn't know there was a pathway.

My review of this film:

I loved this film because it was very funny. I especially liked the part when they delivered it but he hated pianos and smashed it to pieces. I like it in black and white because it gave it an effect. I didn't like it in colour because it wasn't right. I think it is the best film so far. It was really good and fun to watch.

My score for this film is: 10/10
