### What this film is about:

This is about a girl called Eve whose family are cavemen. Her dad is a bit over protective when she wants to get out of the cave. The cave gets destroyed and they have an adventure in a new place.

### My review of this film:

I loved this fun packed detailed film because it was funny but sad. I liked the twist with the rainbow colour tiger. The tiger was mean at first but his weakness was he was afraid of the dark.

I liked the animation colour and picture. It was actually quite sad in parts. My favourite characters were the granny and the dad because he gets every chance he can get for her to be gone. I think this was a wonderful film with lots of good parts in it. I would recommend this to a friend.

My score for this film is:  $9\frac{1}{2}/10$
