What this film is about:

There are two men called Laurel and Hardy, they deliver a very expensive piano to some very rich people and Laurel and Hardy fall over it.

My review of this film:

I thought this film was very funny even though it is over 80 years old. It reminded me of a film called 'The Three Stooges'. The music in the background was very good, it changed noise when Hardy fell in the water, it made a great effect. The bad thing was Hardy kept telling Laurel off. The good thing about it was that they both kept on letting go of the piano.

My score for this film is: 10/10
